

**EFFECT****+3 points**

Earn 3 points immediately

**EFFECT****Chameleon**

No matter the color of the next block, it earns you 3 points if you put it on the tower

**MALUS**

The next player and you must position the block together with 2 hands. If the tower falls, each loses half of the points. Otherwise, only you earn the points.

**MALUS**

Until your next turn, all players position the blocks with the weak hand

**EFFECT****Reversed order**

Reverse the direction of the game

**EFFECT****Lucky hand**

Draw two cards effect. Keep one and put the other back in the draw

**MALUS**

Ban on placing green blocks for all players in this round (even if it is the first round)

**MALUS**

You must position the next block with your eyes closed (you can look to position your arm)

**EFFECT****Creation**

You can create your own rule valid until your next turn

**EFFECT****Sabotage**

Give a malus you just picked to the player of your choice

**MALUS**

The piece you are going to ask doesn't earn you any points

**MALUS**

The next player also draw a malus card

**EFFECT****Exchange**

Exchange your turn with another person. The turn continues from this person

**EFFECT****Stolen card**

Choose one person and steal one of his effect cards

**MALUS**

You lose 2 points

**MALUS**

You must position the next block with your weak hand

EFFECT

EFFECT

## EFFECT

### The misfortune of others

If the tower falls at the turn of the next two players, you gain 5 points. Otherwise, you lose them

## EFFECT

### Strategic removal

Remove a piece from the tower and put it back in the reserve. The player of your choice loses the number of points associated with this piece. If the tower falls, you normally lose the points

## MALUS

You must place 2 blocks in a row (you take the points from the block of the lowest value only)

## MALUS

You must place the block in one move, without adjusting

## EFFECT

### Hiding

You can decide to not play this time

## EFFECT

### Collective malus

Every player except you have to draw a malus card

## MALUS

You must position your next block standing on one foot

## MALUS

You cannot play this time

## EFFECT

### Forbidden to play

Skip the next player round

## EFFECT

### Divide and conquer

Divide by 2 the number of points of the player with the most points

## MALUS

Until your next turn, all players position their block standing on one foot

## MALUS

The next player choose which block you will position for this round

## EFFECT

### Plan B

If only your block falls, you can choose now another block to put on the tower without losing points

## EFFECT

### False alarm

If the tower falls you don't lose points. You must use this effect card before positioning your block

## MALUS

You must place your block while keeping the chin pressed against the chest

## MALUS

You must place your block with your arm extended

EFFECT

## EFFECT

### Double score

Your next block earns you the double of points.  
You need to use this effect card before positioning your block

## MALUS

You have 5 seconds to position your block. The other players count. If you are too long, you do not earn point this time

## MALUS

The first player to speak lose 2 points

## MALUS

The other players vote to choose the piece you are going to play

## MALUS

For all players, it is not possible to use an effect card until your next turn

## MALUS

The blue blocks earn 0 points for 1 round (2 rounds if you are 2 players)

## MALUS

While you are positioning your block, the other players ask you questions. You must answer.
