

EFFET**Nice person**

Give 2 sips to the person of your choice

EFFET**Generous**

Whatever the color of your next block, if you succeed to position it, you can give 3 sips

MALUS

Les pièces bleus ne permettent pas de distribuer des gorgées pendant 1 tour (2 tours si vous êtes 2 joueurs)

MALUS

Tu as 5 secondes pour poser ta pièce, les autres joueurs comptent. Si tu n'y arrives pas, tu ne distribues aucune gorgée

EFFET**Almost saved**

If the tower falls at your turn, you have to drink only half the sips

EFFET**Parade**

If someone gives you sip, you don't drink them and it is that person who drinks them

MALUS

Drink 1 sip

MALUS

All players have to drink one sip

EFFET**Saved**

If the tower falls at your turn, your closest 2 neighbors share the sips you were supposed to drink. You must play this card before positioning your block

EFFET**Double score**

Ta prochaine pièce te permet de distribuer le double de gorgées. Attention, tu dois poser cette carte avant de poser la pièce

MALUS

Drink 3 sips

MALUS

Drink 2 sips

EFFET**Plan B**

If only your block falls, you can choose another one and put it on the tower. You don not have to drink any sip

EFFET**False alarm**

If the tower falls, you do not have to drink any sip. Warning, you need to play this card before positioning your block

MALUS

The first player to speak has to drink 2 sips

MALUS

You have to position 2 blocks in a row (you can only distribute the lowest number of sips associated with the blocks)

EFFET

The misfortune of others

If the tower falls at the turn of the next two players, you distribute 5 sips. Otherwise, you drink them

EFFET

Strategic removal

Remove a piece from the tower and put it back in the reserve. The player of your choice drinks the number of sips associated with this block. If the tower falls, you drink the sips normally

MALUS

The next player and you must position the block together with 2 hands. If the tower falls, each drinks half of the sips. Otherwise, only you distribute.

MALUS

You cannot distribute sips with your next block

EFFET

+3 sips

Give 3 sips immediately
